

PROCEDURE FOR RELEASING ORIGINAL DOCUMENTS AFTER COURSE COMPLETION

1. Email Request:

After successfully completing the course without any arrears, the student must send an email to info@keralaacademyofpharmacy.com

The email should include a formal request for the release of original documents.
All fee payment receipts must be attached to the email.

2. Appointment Scheduling:

Upon receiving the request, the accounts team will verify the fee payment records.

Once verified, a date of appointment will be communicated to the student via email to collect the original documents.

3. Document Collection:

The student must take a printout of the appointment email and bring it along while visiting the college to collect the documents.

Note:

Students with pending arrears or those who fail to provide fee receipts will not be eligible to collect the original documents.
